RE: Request for extension of comment period
Docket No. 2004D-0510

Dear Sir or Madam:

I am writing to request a 90-day extension of the comment period for the Notice announcing the "Proposed Referral Program from the Food and Drug Administration to the National Oceanic and Atmospheric Administration Seafood Inspection Program for the Certification of Live and Perishable Fish and Fishery Products for Export to the European Union and the European Free Trade Association" published in the Federal Register on November 21, 2004 (p. 68948).

Our company is involved in shipping live lobsters to the EU and our business depends upon receiving EU Health Certificates from the FDA in a timely manor. The proposed referral program will have a dramatic and very costly impact on our company. Unfortunately, the current 30-day comment period coincides with the busiest time of year for all lobster exporters. For all of these reasons, I request you extend the comment period for an additional 90 days so that we may develop and submit thoughtful comments.

Yours truly,

Anthony Neil Zarella
President

2004D-0510

Will ship anywhere in the World
